Profile

About Us

Integra Furnishings is a specialist turn-key contract and commercial furniture and equipment supplier, with a strong track record in the supply of furniture and equipment to the hospitality industry, education precincts, the retirement and aged care sector, north west facilities, shopping centres and corporate entities.

Established in 1975, Integra Furnishings has many years of experience, and operates out of Perth servicing metropolitan, country and remote Western Australia.

At Integra Furnishings, our portfolio of work is diverse and involves working with consultants, architects, interior designers, builders and/or directly with the client to provide stylish, functional and cost effective commercial furniture and equipment solutions. Integra Furnishings is an accomplished fit-out specialist, both in custom design and standard products. We are a supplier of both commercial and contemporary furniture from some of the finest manufacturers in Europe, Asia and Australia, with furniture able to be supplied complete or finished in Perth to meet various specifications (local colour and fabric selections).

We also manufacture a wide range of furniture locally including tables, chairs, armchairs, ottomans, sofas, booth seating, banquettes, bedside tables and customized upholstered furniture. Integra Furnishings provides a turn-key service, and in addition to furniture we also supply equipment for projects ranging from accommodation and laundry facilities to cafeteria, kitchen and room fit-outs. We have a local warehouse with a large range of samples which can be brought to our clients or viewed by appointment at our warehouse.

Not all furniture requires replacement and we offer a comprehensive re-upholstery and refurbishment service if this is the best option.

Integra Furnishings focuses on quality both in product and service, on-time delivery, and has an enviable track record of contract projects in Western Australia, having completed the fit outs of many well known entities over more than four decades.

Integra also has dedicated joint venture partnerships with curtain, and bedroom and bathroom linen specialists in the Hotel, Accommodation, Hospital & Aged Care Industries which serve to compliment the many projects that Integra has undertaken.
